

An aerial photograph of an archaeological excavation site. The ground is brown and uneven, with a grid of white lines marking the excavation area. In the upper right, there is a stone structure with a small opening. The background is dark, suggesting a night sky or a dark background.

CREATIVE TECHNOLOGIES LAB

OPEN
POSITION:

STUDENT RESEARCH ASSISTANT

Creative Technologies Lab

Prof. Felix Beck

felix.beck@fh-muenster.de

The Creative Technologies Lab is currently seeking a **Student Research Assistant** to collaborate with Professor Felix Beck on a four month long research project starting in May 2024. The position offers flexibility to work remotely. To facilitate open communication and monitor progress, there will be a weekly Zoom meeting.

The ideal candidate will possess fluency in English and a keen interest in **data visualization**, as well as the online presentation of information through maps. They should also bring a comprehensive blend of technical, analytical, and creative abilities. Essential skills include proficiency in **WordPress and Plesk**,

alongside a solid foundation in web development languages such as HTML, CSS, JavaScript, and PHP. Knowledge in database management, specifically MySQL, is also highly desirable.
